

BD 60/95 RS BP (Wet)

Step-on scrubber dryer with 60 cm working width. Machine for step-on combines the manoeuvrability of a walk-behind machine with the speed of a ride-on model. Wet: for low maintenance batteries (batteries and charger not included).

Standard accessories:

- Disc brush
- Sack-in tank design
- Curved suction bar
- Traction drive
- Automatic water stop
- Battery type Low maintenance

Order no.: 1.006-123.0

Technical data

Working width, brush (mm)	610
Working width, vacuum (mm)	840
Tank fresh/dirt water (l)	95/95
Max. area performance (m ² /h)	3300
Brush rotation speed (rpm)	300
Brush contact pressure (g/cm ²)	40
Battery Voltage (V)	36
Battery Capacity	-
Motor rating (W)	1800
Container l	-
Weight (kg)	275
Dimensions (L x W x H) (mm)	1330x800x1285
Sound pressure level (dB(A))	68

Details

Description

This step-on scrubber drier offers the maneuverability of a walk-behind machine and the speed of a ride-on machine. The BD 60/95 Bp RS is the ideal machine for super markets, industry, public buildings, health care and contract cleaning. The minimal turning radius of only 130 cm also enables to clean even winding and tight areas completely. All is fully automatically. The BD 60/95 Bp RS moves into a working position just by pressing a button. Brush head, suction bar and water supply start automatically. The operator has total control of the current settings by keeping an eye on the large digital display. The swivelling suction bar ensures that the water is optimal sucked up also when turning. Therefore the floor is dried up right away also in turning circles. The Aqua-mizer system reduces the needed amount of water and detergent. Therefore working times can be enlarged up to 50 %. Change of brushes without the need of tools. The separate filter for big dirt saves the dirt-water hose from plugging. Easy and uncomplicated battery replacement for longer working hours thanks to the optional battery cartridges.

Application

The BD 60/95 RS Bp is attractive for following target groups: Contract cleaner, public buildings, industries, health care and supermarkets. The machine works economically in areas from 1.500 - 3.500 m².

Features & Benefits

Perfect overview: Due to the compact dimensions and the standing position, the operator has a perfect field of vision - only 30 cm from the front end of the machine. This provides an improved cleaning result and more safety. Standing position: Quick stepping on- and off for example to put objects aside. Compact design: For easy access of tight areas. Small turning radius: 130 cm. High maneuverability for high area performance. Automatic water- and brush- stop when machine stops. Protection of sensitive surfaces due to automatic control of pump and brushes. Brush head with two contrarotating disc brushes (dia. 305 mm): Therefore reduced need of water- and detergent. For long time- and cost saving working intervals. Aqua-Mizer-System. Less water and detergent needed. For long working hours and cost-saving working intervals. Battery cartridge: Fast and secure change of batteries. Thus enlarged working intervals. Clearly arranged display: Easy and intuitively understandable functions. Use of the machine is easily learned. No intensive training needed. One-touch-knob: Machine is ready for working by just pressing one button. Completely automatic: Lift-up and down of brush head and suction bar as well as adjustment of water amount is done automatically. Swivelling suction bar: Dirt water is also in turning sucked up completely. The surface is dry and accessible right away.

Accessories

Disc Brushes for BD

Disc brush, medium, 305 mm

blue, for all surfaces

Order no. 8.600-018.0

Disc brush, soft

Soft, for cleaning sensitive surfaces and for polishing.

Order no. 8.600-019.0

Disc brush, hard

grey, for deep cleaning

Order no. 8.600-020.0

Microfibre pad

Microfibre pad

Excellent cleaning power. Cleans even pores of fine stoneware tiles.

Order no. 6.369-958.0

Miscellaneous

Rubber lip cleaning head

rear left side (Aqua Mizer)

Order no. 8.600-157.0

Cleaning agent dosage kit, wall mounted DS 3

Directly connectable with the tab, water and detergent will be filled in the fresh water tank in the preset mixture. Can also be used with filling system kit.

Order no. 2.641-811.0

Filling hose

For easy filling from the tab

Order no. 6.389-524.0

Pad drive board

Pad drive board

Order no. 8.600-017.0

Pads

Pad, medium soft

Medium soft, for wet-cleaning of all surfaces and for spray cleaning.

Order no. 6.369-826.0

Pad, medium hard

Medium hard, for cleaning stubborn soilings and for deep cleaning.

Order no. 6.369-827.0

Pad, hard

Hard, for persistent soilings and for deep cleaning.

Order no. 6.369-828.0

Polishing pad

Diamond pad

For restoration as preparation for the purple pad.

Order no. 6.371-183.0

Polishing pad

Diamond pad

For cleaning and high-gloss polishing.

Order no. 6.371-184.0

Squeegees for suction bars

Squeegee set

standard

Order no. 8.629-201.0

Squeegee set

oil resistant

Order no. 8.629-202.0

Traction batteries and chargers

Battery exchange cartridge kit

2 cartridges, 1 set of connecting cables, 1 battery tray

Order no. 8.601-121.0
