Details

Description

The powerful polishing machine is optimally suitable for the use in professional contract cleaning. The operator's elements are arranged ergonomically at the handle. The slope of the handle can be adjusted optimally on the user's size by the hinge. The two big transport wheels relieve the transport of the machine also up and down stairs and on uneven floors. The machine housing has a maximal corrosion protection also in severe application.

Application

Single disc machine suitable for buffing and polishing of all hard floor surfaces like coated PVC and linoleum.
