Frequency (Hz)	50
Voltage (V)	230
Weight (kg)	42.5
Dimensions (L x W x H) (mm)	550x430x1180

Details

Description

The powerful single disc machine can be used for many cleaning and floor care tasks in professional contract cleaning. The operator's elements are arranged ergonomically at the handle. The slope of the handle can be adjusted optimally on the user's size by the hinge. The two big transport wheels relieve the transport of the machine also up and down stairs and on uneven floors. The machine housing has a maximal corrosion protection also in severe application.

Application

Single disc machine for stripping of PVC and linoleum floors, for deep cleaning of tiles and marble, for polishing of all hard floor surfaces like coated PVC and linoleum, for shampooing of carpets and for carpet intermediate cleaning.

Accessories
